

## Absorbent

## Transporter Emergency Spill Kit

(Absorbs up to 35 gallons / 132 liters)

### **Absorbent W #55005 / Absorbent GP Kit #35005**

The Transporter Emergency Spill Kit is designed for easy mobility around the workplace. The 50-gallon wheeled container carries spill control products quickly to the spill site and can handle 250 pounds of waste material on the way back from the emergency. The Transporter Emergency Spill Kit includes an effective range of Absorbent socks, pillows and particulate and comes in a sturdy, weather resistant container. The Transporter Emergency Spill Kit is available in either **Absorbent W** or **Absorbent GP**.
