CHEMTECH INTERNATIONAL INC.

Attn: Mr. Kosh Daphtary and Ms. Surma Daphtary

P. O. Box 951

Media, PA 19063, U.S.A.

Dear Mr. and Mrs. Daphtary:

I write this letter on behalf of our company, National Instruments Europe Kft, Hungary, to express our satisfaction with the Molded Fiber Glass Tray Company's "ESD" control trays we have been purchasing from your company since 2003. These trays provide protection for electrical and electronics parts we manufacture and ship all over Europe.

Cooperation with Chemtech Int'l has always been excellent. We have been doing business with your company for the past few years and think highly of its performance and reliability. We would like to express especially our satisfaction for the high quality, cost-effective ESD trays you have been providing us.

Besides the good quality trays, I must thank you for lending your continued technical support, expertise and frequent visits to our facility. Not too many marketing/sales personnel from far away country like the U.S.A. visit our plant and lend us technical support as you have given us. We appreciate your integrity and trust-worthy service.

In view of our experience, we can recommend Chemtech International Inc. and MFG's ESD products to other companies in the electronics/semi-conductor industry in Europe and elsewhere.

Best regards,

Annamaria Falusi, Senior Buyer
National Instruments Europe Kft.
