To whom it may concern,

This correspondence is to confirm that we utilise your product, "OdorGone" , both in "Professional Total" and "Industrial" solution. We use "OdorGone" in our office, storage facilities and restrooms. It acts very swiftly when attacking all varieties of smells and leaves a freshness in their place. We would also recommend it for home use as well as on board the aircraft.

Yours faithfully,

Peter P. Noack

Chief Station Engineer
