

The material matters in material handling

8" Deep Composite Vial Trays

8" (203 mm) Deep Composite Vial Trays

- An MFG Tray exclusive!
- An economical alternative to metal trays and containers, and will not corrode, dent or bend
- Inherent strength resulting from composite construction ensures solid stacking without bending or warping.
- Feature a smooth surface and tapered front lip for easier loading and unloading.
- The smooth, non-porous surface is easy to clean in standard washers.
- MFG vial trays may be continuously used in temperatures from -60° to 250° F (-51° to 121° C).
- Other depths available: 2 3/4", 3 7/8" and 4 5/8"
